

Provider Notice

From: Magellan Healthcare

Subject: Join a Magellan Provider Advisory Committee

Get involved in improving the quality of behavioral healthcare in Idaho. Join a Magellan Provider Advisory Committee (PAC).

Magellan is opening the **2025 Provider Advisory Committees (PAC)** membership. The PAC is an advisory committee to facilitate provider engagement, collaboration, drive initiatives and to offer a platform for provider feedback with the goal of having representation across the Idaho regions served by Idaho Behavioral Health Plan (IBHP) Network. This is an opportunity for IBHP network providers to be involved in local quality improvement projects and initiatives.

Discussions and topics may include value-based contracting initiatives, material content feedback, clinical initiatives, provider handbook feedback, clinical and service development decision areas, clinical practice guidelines, continuity and coordination of care, and administrative and operational practices.

In 2025, we aim to have three (3) committees with two providers from each region, covering various treatment levels for adults, children, and adolescents.

Committees will meet quarterly, in a virtual setting, and membership will be for one calendar year. The duration of meetings will be one hour. Meetings are exclusive to committee members or their delegates.

How to join

If you are interested in participating in a Provider Advisory Committee for IBHP, contact David Tovar, Network Director, at TovarD1@MagellanHealth.com, or Amy Topp, Provider Engagement Specialist, at ToppA@MagellanHealth.com by Nov. 30, 2024, as spots will fill quickly. Your participation is vital for enhancing care quality in the IBHP network.

Thank you for your continued commitment to serving Magellan members of Idaho.
