Interested in providing Parenting with Love and Limits service?

Magellan is holding a forum for providers interested in providing Parenting with Love and Limits® (PLL) services currently delivered through the Idaho Behavioral Health Plan and supported by the Idaho Department of Health and Welfare and the Division of Behavioral Health's Center of Excellence.

PLL is an evidence-based family-focused intervention and treatment program. It integrates multi-family group therapy and individual family therapy to treat youth, ages 10-18, with severe emotional and behavioral problems.

We will provide an overview of the program, including expectations, reimbursement details, and other key information.
