

# Provider Notice

**From:** Magellan Healthcare

**Subject:** Join the Magellan Healthcare network to provide Early Serious Mental Illness services

## Join Magellan for a provider forum on *Early Serious Mental Illness*

### Interested in providing Early Serious Mental Illness services?

Magellan is holding sessions for providers interested in providing Early Serious Mental Illness (ESMI) services currently delivered through the Idaho Behavioral Health Plan and supported by the Idaho Department of Health and Welfare and the Division of Behavioral Health's Center of Excellence.

The ESMI program provides early intervention and recovery-focused care for adolescents and young adults experiencing first-episode psychosis (FEP). This coordinated, research-informed approach helps individuals manage symptoms, avoid higher levels of care such as hospitalization, and successfully transition to community-based supports.

We will provide an overview of the program, including expectations, reimbursement details, and other key information. Additionally, Magellan will collaborate with the Center of Excellence to introduce the ESMI Competency Center and outline the training and consultation support available to help providers successfully implement and deliver ESMI services.

### Attend an Early Serious Mental Illness forum October 6 or October 7

Learn more and help us move forward with a strategy that delivers best practices and considers your needs as well as those of the community.
