

Provider Notice

From: Magellan Healthcare

Subject: CANS Levels of Care implementation scheduled for October 5

Overview

The updated Child and Adolescent Needs and Strengths (CANS) assessment Levels of Care will be implemented on Monday, Oct. 5, 2026.

As previously communicated, these enhancements are intended to support consistent clinical decision-making while continuing to reinforce the use of clinical judgment and individualized treatment planning.

For additional details regarding the updated Levels of Care, please refer to the prior [CANS Levels of Care](#) communication from Aug. 21, 2026.

Questions?

Please reach out to bhtcom@dhw.idaho.gov with any questions regarding the CANS Decision Support Application (DSA) or Levels of Care.
