Help improve the quality of behavioral healthcare in Idaho

Get involved in a Magellan Provider Advisory Committee

Magellan Healthcare is opening membership for the 2026 Provider Advisory Committees (PAC). The **PACs bring together providers from across Idaho to share insights, exchange ideas, and support the continuous improvement** of the Idaho Behavioral Health Plan (IBHP) network.

This is your opportunity to:

- **Contribute** to local quality improvement efforts and statewide initiatives.
- **Collaborate** with peers on innovative, solution-oriented discussions that shape member care and provider experience.
- **Represent** your region, bringing ideas from your community and sharing information with peers.
- **Help** identify opportunities for growth, coordination, and network development.

We're particularly interested in providers who:

- Want to be **active, positive participants** in building a stronger behavioral health network.
- Are comfortable **communicating with peers in their communities**, gathering feedback, sharing updates, and helping bridge conversations between providers, members, and Magellan.
- Are open to **presenting ideas, sharing solutions, and highlighting successes** within the IBHP.

PAC topics may include:

- Value-based contracting and quality initiatives
- Provider and member engagement strategies
- Clinical best practices and care coordination
- Administrative and operational feedback
- Solutions for improving access and outcomes

In 2026, we plan to host two committees, each with a minimum of two provider representatives from each Idaho region, covering care for substance use disorder and mental healthcare for adults, children, and adolescents.

Meetings are virtual, held quarterly, and last one hour. Membership runs for one calendar year.

How to join
